

Project Resource Form

Name: _____ College: _____ UserID: _____

The purpose of this form is to enable the Computer Laboratory to check that you have obtained all of the special resources you will need to complete your project. After your project is approved you should contact the owners of the approved "Other resources" (see below) to arrange for them to be given to you.

Additional Computing Service resources

If you need any additional Computing Service resources, you must apply to Computing Service Reception on their standard form. You should be aware that excessive requests may be refused.

- Total PWF filespace required:
- Other Computing Service facilities:

Tick to indicate

- ☐ I do not require any additional CS resources
- ☐ I have applied for a resource increase and am awaiting the outcome
- ☐ My resource application has been accepted

Experiments on Human Subjects

If your project involves experiments on human subjects, then please tick below and attach a short justification.

- ☐ My project involves experiments on human subjects (justification for experiments attached)

Centrally managed Computer Laboratory research machines

This section of the form is for accounts on Computer Lab research machines. You will not be able to complete this section without help from your supervisor or a staff member. We need to know which machines or machine groups you need to use, and we need an authorising signature from their owner. We also need to know how much disc space you will need as these machines are entirely separate from the PWF.

- Name(s) of any Unix machines needed:
- Name(s) of any Windows machines needed:
- Total backed-up filespace needed:
- Total scratch space needed:
- Special requirements (supervisor to advise):

_____ Signature of machine owner _____ Printed name

If this section of the form is correctly completed and the space request is reasonable, the account will be created automatically. This is the only resource for which this applies.

Using your own computer

If applicable, tick below and complete both sections A and B and sign where indicated.

- ☐ I plan to use my own computer

A. The computer I'll be using for my project has the following configuration
(e.g. 3 GHz CPU, 4 Gb RAM, 300 Gb Disk, Linux OS).

B. I accept full responsibility for this machine and I have made contingency plans to
protect myself against hardware and/or software failure.

Other resources:

This section is for *anything* that is not covered above, including specialist hardware or software or unmanaged machines belonging to a research group. For each item we need to know who has accepted responsibility for providing it (this may be yourself).

Item description	Signature of provider	Printed name
------------------	-----------------------	--------------

Declaration:

To the best of my knowledge and belief, I have declared all of the resources I will need for completion of my project.
